

Present for HTANSW Share your expertise with colleagues

In 2016-17 HTANSW trialled a new program aimed at inducting and mentoring new presenters for our professional development and student lecture days. While the major goal was to discover and develop new expertise from within HTA's ranks, the program also offered a unique professional learning opportunity that addressed a number of priorities highlighted by the Australian Professional Standards for Teachers. Following the success of the trial program, it will run again during 2017-18.

- The 2017-18 program will consist of two components:
 - 1) An induction session (about 2.5 hours)
 - 2) A mentored opportunity to prepare and present at a HTA event
- The induction session will be scheduled for mid-late November.
- In 2017-18 the induction session will be offered after school hours at a central Sydney venue and online for rural members.
- Those who complete the induction session will have the option of registering for the second component of the program.
- Participation is open to HTANSW members only but places will be strictly limited.
- The program will be endorsed at the Proficient level.
- More details will be provided in response to expressions of interest.

Email an **Expression of Interest Presenter Course** to HTA: htansw@tpg.com.au

Include the following details: name, school, member number, email, phone number. Expressions of interest should be submitted before **20 October 2017**.

Responses will be sent by early November.
